

Schedule, Chem 173B/268B, Winter '09
revised 30 January

Week	Date	Chapter	Topic
1	January 5	3	The structures of simple solids
	7		
	9		
2	12	23	Solid state and materials chemistry
	14		
	16		
3	19	Martin Luther King Jr Holiday	
	21	23	Solid state and materials chemistry
	23		
4	26	first hour exam**	
	28	23	Solid state defects and solutions
	30		
5	February 2	23	Solid state synthesis
	4	24	Nanomaterials, nanoscience, nanotechnology
	6		
6	9	24	Nanomaterials, nanoscience, nanotechnology
	11	25	Catalysis
	13		
7	16	Presidents Day Holiday	
	18	second hour exam**	
	20	19, 22.7	Electronic structure and spectra of d- and f-block complexes
8	23	19, 22.7	Electronic structure and spectra of d- and f-block complexes
	25		
	27		
9	March 2	19, 22.7	Electronic structure and spectra of d- and f-block complexes
	4	24.11-16, 26	Biological inorganic chemistry
	6		
10	9	24.11-16, 26	Biological inorganic chemistry
	11		
	13	Review	

** review sessions for the hour exams will be held Friday January 23., and Tuesday February 17, 4:00-5:30 p.m.; locations to be announced

FINAL EXAM: Tuesday, March 17, 8-11 a.m
