First meeting is for crashing, checkin, as well as organic practice and spectroscopy review. If you miss it, your spot will be given away. Your completed notebook must be submitted to your TA on the day of your exam. It should include all of your grades and your spectra analysis. There are no make-ups. Grade breakdown: There are 10 quizzes (20%), 9 notebook scores (10%), tech (5%), 15 product scores (35%), Final Exam (30%). Ask your TA about your ranking. The top half of the class usually earns between a letter grade of A to B-, while the bottom half earns less than B-.
